AMERICANS IN CHINA NOW CORPORAL'S GUARD

Prince Tuan and His Associates
Scheming to Make More Trouble
--Son of Tuan Slated for
the Throne.

Shanghai, May 10.—It is reported that the Empress Dowager's favorite eunuch, Lu Lief Yang, heads a strong reactionary party, including the Grand Chancellor, Lu Chuan Lu, Yung Lu, Prince Tuan and General Tung Fuh Shiang, which aims to depose Emperor Kwang Hsu, in favor of the son of Prince Tuan.

Peking, May 10.—The Americans have evacuated the districts under their control, with the exception of the Forbidden City, which they will continue to occupy in spite of foreign objections unless orders to the contrary are received from Washington. As it would be impossible to turn over the American districts to the Chinese, who certainly would not be allowed to keep them indefinitely, General Chaffee, in order to prevent chaos, notified Count von Waldersee a week ago that he would evacuate today those portions adjoining the British districts, which were assigned to them, and the remaining troops were assigned to the Germans.

The departure of the troops for Manila has been delayed ten days, owing to the transport Indiana being quarantined at Nagasaki because of a case of smallpox on board. The American soldiers here have been vaccinated.

IN CIRCUIT COURT.

In Judge Edging's Court this morning the motion for a new trial in the case of J. A. Mason vs. L. Marks was denied. The matter was argued by Geo. A. Davis and Frank Thompson. In the case of Harrison vs. J. A. Mason, by consent of counsel the plaintiff's motion to amend the declaration was allowed and defendant was given twenty days in which to answer. In the suit of Manuel da Inadros vs. Frear, demurrer of defendant was sustained and defendant given ten days to answer.

In the injunction suit of John M. Vivas vs. M. G. Silva, bond of \$1000 has been filed by the plaintiff with C. F. Chillingworth and D. D. Marques as sureties.

The plaintiff in the action to quiet title of S. H. Kalinaek vs. H. Wharton has filed a motion that her minor daughter be substituted as complainant in the suit and that plaintiff be appointed guardian ad litem.

Ferreira's Narrow Escape.

Frank Ferreira, the assistant hack inspector, had a narrow escape from serious injury or perhaps death this morning. Ferreira was riding Willie Vida's horse in the vicinity of the police station when the animal, in prancing about fell over. One of Ferreira's stirrups broke and the officer was in a very bad predicament for a few seconds. During the mix-up, he was badly kicked and had his face scratched.

CUNNINGHAM'S STRING.

Billy Cunningham has got rid of his entire string of horses, which he took from the track a day or so ago. His bay pacing horse J. O. Mack has been sold to John Oudekirk. J. O. Mack, who is no cripple as the "Sporting Editor" of the Advertiser has stated, is a green horse but has probably the

brightest possibilities of any green horse on the Hawaiian turf. Cunningham is willing to bet \$1000 that he can send J. O. Mack seven straight heats under 30, any day of the week.

Indra is another one of Cunningham's alleged cripples which Cunningham has sold to a Japanese named Mito, who intends to ship the horse to Japan as soon as possible. Indra's record is 1:41½ and, among the horses the cripple has defeated are the following: Cash Day, Newgatherer, Iola, Speculation and others.

Wayboy has been sold to Jim Quinn who will immediately put him out on the track.

McKINLEY IS NOT DISPOSED TO REMOVAL

New York, May 11.—A special to the Herald from Washington says: Officials who are acquainted with the President's views regarding the legislative session in Hawaii do not believe Mr. McKinley will be inclined to take notice of the memorial from the Hawaiian Legislature urging Governor Dole's removal, certainly not without a full explanation from the Governor. Great friction exists between Governor Dole and the Legislature but the President believes the Hawaiians should work out their own situation and has taken no steps to interfere.

Governor Dole so far has acted within his authority in refusing an extension.

THE KLUEGEL RECEPTION.

A card party and reception was given last night at the Winne home, Berington street, by Miss Jennie Winne to Miss May Kluegel, daughter of Mr. Kluegel of the Cuba Railway. Six tables were set for the players, and the young people indulged until quite late. Hearts was the game played. Miss Kluegel and George Renton won the first prize, while Miss Sage Sorenson and Kenneth Brown won the consolation prizes. Those present were as follows: The Misses May Kluegel, Ethel Angus Helen Stevens, Gertrude Brown, Ethel Damon, Sage Sorenson, Ruth Whitney, Florence Hall, Charlotte Dodge, Eleanor Waterhouse and Shipman; Messrs. George Renton, Kenneth Brown, Alfred Castle, George Canavaro, William Galbraith, Allison Jordan, Alexander Walker, Frederick Lowrey, Charles Judd, Henry Damon and Seymour Hall.

CALLED ON MRS. FREMONT

Los Angeles, May 9.—The tribute of one man whose life is full to the memory of another whose life was also full—General John C. Fremont—was shown in the visit of President McKinley to the widow of the great Pathfinder of the Rocky Mountains, Mrs. Jessie Benton Fremont, at her home, 1107 West Twenty-eighth street.

Mrs. Fremont was injured in an accident about a year ago, since which time she has been an invalid, and her apartment has been turned into a very pleasant reception room, where she receives her friends. It was here that the President came, spending a quarter of an hour in social conversation.

Francis Murphy Hall.

An interesting program has been arranged for the popular Murphy Hall concert for this evening. The following well known artists have consented to assist: The Misses Winne in vocal solos and duets, John Piver in recitations, Ben Jones, songs; Prof. Ingalls, piano; Prof. Perry, address.

Oliver Bainbridge, M. A.

Mr. and Mrs. Bainbridge returned to town yesterday after spending a few days at Waiwala plantation where they enjoyed themselves immensely and entertained the folks with one of their highly popular recitals. They were most courteously entertained by Mr. and Mrs. Goodale during their stay.

Common Nuisance.

Araki, a Japanese, was arrested last night on the charge of common nuisance. He had in his possession some obscene pictures on which the Japanese of the city seem to have a monopoly for they are the only ones arrested by the police from time to time on the charge.

Silver Wedding.

Tomorrow is the silver wedding anniversary of Mr. and Mrs. George C. Beckley. The event will be celebrated in a big luau at Aqua Marine, the Wai-kiki home of the Beckleys. In the neighborhood of a hundred guests have been invited to attend.

On Governor's Appointments.

At least one change has been decided on in the recent appointments of the Governor. The Superintendent of Public Works, the Treasurer and the Commissioner of Public Lands will remain as they are.

Rapid Transit Engineer Retires. F. J. Amweg, consulting and superintending engineer for the Rapid Transit & Land Company has resigned to engage in private business. He will be connected with a construction company recently incorporated.

McKINLEY RESTS AT DEL MONTE

Preparatory for the Big
Week's Work at San
Francisco.

CHEERING CALIFORNIANS ALL THE WAY ALONG

Governor Nash Much Put Out at
Playing Second Fiddle—Los
Angeles Turned into a
Bower of Beauty.

Del Monte, Cal., May 11.—The President and his party arrived at Del Monte this morning and will remain over Sunday at this far famed resort. There is no fixed program except a visit to the Grand Army encampment at Pacific Grove and a drive along the ocean front this afternoon, and the two days of rest will prepare the President and his party for the ordeal they will have to undergo at San Francisco next week. Governor Nash and his party and the Ohio Congressional delegation also reached the Del Monte hotel this morning. They leave for San Francisco this afternoon at 2 o'clock.

GOVERNOR NASH IS MAD

Del Monte, Cal., May 11.—The special bearing Governor Nash and other Ohio people en route to San Francisco for the launching of the battleship Ohio arrived here before daylight and joined the Presidential party.

The chagrin that the gubernatorial party expressed over the alleged mistreatment at Los Angeles became more intense during the trip of the past twenty-four hours and broke out into open revolt here at conferences in the hotel Del Monte. The special cars bearing the Ohio Congressmen were attached to the Ohio special at Los Angeles. This seemed to add to the ill feeling of the Governor's party, who complained that there had been an annexed section to the Presidential party and now were given third place.

The Congressmen seemed equally dissatisfied with the new arrangement and finally it was decided that the Congressmen should travel hereafter as they had done before reaching Los Angeles. The cars of the Congressmen were accordingly taken out of the Ohio special there and they left for San Francisco at noon while Governor Nash and his party left at 2 p. m. for San Francisco. Then Col. J. D. Ellison and Willis G. Rowland who have charge of all arrangements for Governor Nash and the Ohio special met a committee from San Jose and notified chairman Minor that they would not visit San Jose as an annex of any other party. It was then decided that the Ohio special would go from San Francisco to San Jose Sunday night and that the carriages then would be at the disposal of Governor Nash and party Monday afternoon. It was also specified that the Ohio special would leave San Jose before the Presidential train arrived. This unpleasant controversy started at Los Angeles.

The Ohio special was scheduled to leave Los Angeles on Thursday night but the local committee would not let it precede the President's train and the time was accordingly changed and left Los Angeles at 10 a. m. Friday instead of 10 p. m. Thursday. This caused indignation. Conferences at Los Angeles which have led to the action here today. As the two trains have different routes on returning from San Francisco there will be no more trouble with railway schedules and receptions along the way but the Ohio people insist that Governor Nash shall not be ignored hereafter as they insist he has been in the past three days and speak openly about committees along their route as to all others.

CHARMED WITH FLOWERS.

Los Angeles, May 9.—From a broad, blue, canopied pavilion, surrounded by the members of his Cabinet, the Governor of Ohio and notables from many States, President McKinley today reviewed the floral parade of the Los Angeles Carnival, and it is safe to say he will carry the recollection of its wondrous beauty to his grave. Description melts away powerless before the myriad beauties of this flower feast. The senses were suffused with perfume and the eye and heart entranced with shifting color. It was a fairy tale charmed into flowers. Those who have seen the Corso in Nice say it was surpassed by the show at Los Angeles today.

SAIORS HAVE SKIPPED.

Warrants of arrest issued for the first and second mates of the American ship Abner Coubert yesterday could not be served as the men were not to be found. They are accused of maltreating members of the crew on the voyage from the Colonies. The men are alleged to have shipped on the bark C. D. Bryant as they were told there was going to be trouble made for them.

Fire Claims Commission.

The Fire Claims Commission met for a short time this morning for the purpose of considering bids for printing the three forms for the work of the body. The bid of the Republican (\$69) was accepted and the Commission adjourned until Monday next.

There is only one more appointment to be made, that of Chinese interpreter. No choice has yet been made.

Reichstag Is Adjourned.

Berlin, May 11.—The Reichstag today adjourned without debate to Chancellor von Buelow's proposal to adjourn until November 29.

CHEERED ALL THE WAY.

San Luis Obispo, May 10.—This was

a historic day for California and the Presidential party. The Pacific was reached and the President turned his face to the northward to begin the second arc of his journey. As one who scatters plenty over a smiling land, he is reaping the harvest of joy, and before he leaves the State he will have gathered many sheaves of good will and affection that spring from seed he himself has sown. Though it was a foggy day all along the Pacific, with the tops of the mountains obscured and the ocean robbed of its usual transparent blue, there was great happiness on the President's train and joy along the line in the mutual greetings of President and party. The morning seemed to be actually lighted up at Santa Paula and Ventura and Santa Barbara by the growing flowers and gay attire of the crowds.

Before arriving at Santa Barbara, where he made a brief, but most important address, the President was greeted at every hamlet and station along the coast line. Burbank, Fernando, Newhall, Santa Paula, Saticoy, Ventura, Summerland and the rest gave their tribute of welcome. Flags and flowers were displayed, handkerchiefs waved and cheers sent up as the train went by. Not a house within sight of the train was without its enthusiastic Californians frantically waving a welcome to the President.

WAR OF THE GIANTS

FIGHT IS STILL ON
OVER NORTHERN PACIFIC

London Prices of American Securities
Shows Advance—Quiet After
the Storm of De-
pression.

New York, May 11.—Wall Street: With both the Stock Exchange and the Consolidated Exchange closed today and with practically nothing doing on the curb, Wallstreet was very quiet. Although the exchanges were not open for business, all the larger brokerage houses had their clerks at work straightening out the accounts of speculators and putting their books in order.

In the rush days from Monday to Friday, none of the usual making out of customs' statements was done and it will probably be late tomorrow night before the balancing of accounts will be finished.

Many speculators went down town to await the bank statement and to get the London quotations for American securities.

At 2 p. m., London's prices generally showed advances as compared with the close at New York yesterday, the extremes being eighteen points in Northern Pacific. Other stocks generally were up but U. S. Steel common 3-8 and the preferred 1/2 lower. Illinois Central showed a decline of 1/4.

All interest in the financial world remains absorbed in the great contest for the control of Northern Pacific and the rivalries that have been caused by that battle. The heavy buying in Union Pacific yesterday provoked much comment and today the "street" was wondering whether the fight of the railway giants was to be transferred to that stock again. The high price for Northern Pacific in London today was taken by many as indicating that buying for control of the property was still going on wherever the seller had the stock to deliver it. It was learned today, also, that the time Kuhn, Loeb & Co. were settling with shorts yesterday at \$150 a share they were paying the same price over the counter to all who offered the securities for instant delivery.

PERU FROM COAST.

The P. M. S. S. Peru, Captain Pillabury, arrived this morning after a pleasant trip. She had a good many passengers for this port, but little freight or mail. The vessel which was formerly on the China run, was taken off about three years and a half ago. Since then, she has been in the Panama trade except during the first part of the war when she was in the transport service.

Sailors Have Skipped.

Warrants of arrest issued for the first and second mates of the American ship Abner Coubert yesterday could not be served as the men were not to be found. MERCHANTS WANT FIRE TUG BADLY

Have Decided to Ask
Legislature for an
Appropriation.

TUG FEARLESS LOOKED ON WITH GREAT FAVOR

An Exhibition to be Given This After-
noon, or in the Near Future,
in the Harbor--Favorable
Action Expected.

The merchants of the city have been very busy for the last week or so, doing a little work with the legislators along the line of an appropriation for a fire tug for the protection of the shipping along the front. They believe that with the continued increase in the shipping of this port, there should be protection of some sort from fire. This need was demonstrated a few days since when one of the small island steamers caught fire and menaced the whole water front.

The splendid exhibition of the tug Fearless with her fire hose apparatus the other day, set the merchants to work more diligently and it has been decided to recommend the setting aside of a certain appropriation making it possible to secure the services of the Fearless. This would simplify matters greatly, making it unnecessary to purchase a fire tug outright. The paraphernalia of the Fearless is all that could be desired.

The tug Fearless will very probably give an exhibition with its fire apparatus at 2:30 o'clock today. If it is found impossible to do this on account of incoming vessels, an exhibition will be given at the earliest date possible.

When the committee of merchants arrives at the wharf they will be shown over the fine tug boat. The Fearless which is in the pink of perfection all the time will undoubtedly be greatly admired.

After inspection, the fire alarm will be given and in just one minute less than ten seconds every one of the crew from captain to mess boy will be in their positions and the hose ready for business.

Then the pumps will be started. The water supply will be inexhaustible as all the water in the bay will be there to be drawn upon. When your powerful streams are flowing the spectators will undoubtedly open their eyes. There will be water enough to sink a big ship in a short while and it will be sent with force enough to knock an ordinary house down. Then two more streams will be started and the powerful pumps worked to their full capacity for a few minutes.

The merchants will see the advantage of a fire tug as an auxiliary to a fire department in that where a fire engine has first to get to a fire and then start its stream, the preparations for throwing water could be made aboard a tug while the vessel was on her way to the conflagration. That the work of the Fearless this afternoon will prove her fitness for the work contemplated for her, goes without saying, very busy during the last few days.

BOYS BRIGADE JUDGES.

The activity among the competitors on the program of the Boys' Brigade Advertising Tourney has taken new life since the names of the judges have been made known. Occupying a loggia will be the following group of ladies who will award the prize for the best advertisement: Mrs. McGrew, Mrs. W. G. Irwin, Mrs. S. M. Damon, Mrs. A. McIntosh and Mrs. W. P. Frear.

Reserved seats will be on sale Monday morning at Wall, Nichols & Co. The services of Mr. Adams of the Hergstrom Music Co., have been secured as stage manager and director.

AMENDED ARTICLES.

Amendments to the articles of incorporation of the Hilo Portuguese Sugar Mill Company, Ltd., have been filed with the Treasurer and were approved today. The amendments change the name of the corporation to "Hawaii Mill Company." The capital stock is increased to \$250,000 with the privilege of raising it to \$1,000,000. The par value of the shares is reduced from \$500 to \$100 and the Treasurer is empowered to issue 2200 new shares and to offer the same for subscription to the present stockholders.

HELD FOR MANSLAUGHTER

Hilo, May 17.—Kainuwa (the water drinker), a native living at Laupahoehoe was brought into town and lodged in jail on Wednesday, upon the charge of manslaughter. Two small boys were playing marbles one day last week, and some dispute arose between them over the score, the attention of Kainuwa, who was out shooting mynah birds with a revolver, was attracted. He said, "get out of the way and I will

shoot the marbles for you." The children ran away protesting, but Kainuwa's weapon not discharging when he pulled the trigger, they ran back boldly, and one of them struck at the pistol with a bamboo stick. At this point the weapon went off, whether from the blow of the stick or otherwise does not seem to be certain, and one of the lads was shot through the stomach, and died a short time afterward. Kainuwa will be held for the Grand Jury.

COOPER, THURSTON & DOLE

Pursuant to the complaints made by the Grand Jury yesterday to the effect that Acting Governor H. E. Cooper, Attorney General Dole and L. A. Thurston had refused to answer certain questions propounded by that body. Citations were issued on the order of Judge Humphreys, directing each of the above named gentlemen to appear before him, at 10 o'clock Tuesday, May 21, and show cause, if any they can why they should not be required to answer the interrogatories.

DR. COFER IN HILO.

Hilo, May 17.—Dr. Cofer, representing the United States quarantine service in this Territory has spent a busy week in Hilo and vicinity gathering data which will be forwarded to headquarters at Washington, relative to quarantine facilities at this port. Dr. Cofer when interviewed by a representative of the Tribune, said:

"There are three points under consideration for the location of this station. One is at Onomea gulch, one at Coconut Island, and one at Puhi, three or four miles down the coast. You may safely say, however, that Coconut Island doesn't stand in any danger of being sacrificed. As to the other two places I am not at liberty to express any opinion.—Tribune.

ONLY TESTING SHAMROCK

London, May 11.—The Field in today's issue refrains from criticism on the performances of Shamrock II, which, it says, have been merely mistaking and should be regarded as tests. The Field praises the faultless manner in which she opens and leaves the water, declaring that any adverse criticism as to her water making should be dismissed as worthless.

"Although the ex-challenger appears to be faster than when she met the Columbia," says the Field, "there are no means of proving that she is faster as she is under different trim with a longer load water line. Therefore, it will be difficult to estimate the difference in speed between the challenger and the Columbia."

CALIFORNIA WON OUT

Seattle, May 10.—California proved her right to the title of the champion of the Coast by defeating Washington today in the track meet by the score of 81½ to 35½. Washington took first places in the broad jump, the discus and the 40-yard. Jack Hoffman succeeded in breaking the Coast record of 11 feet 3¼ inches in the vault, held by Cutter of the Olympic Athletic Club, by clearing 11 feet 7 inches. No other records were broken, except the discus throw, which went to Oregon. The closest race was the 400 yards which the judges gave to Chestnut of Washington, although it seemed to many to be a dead heat with Squires. Plaw won the weights easily and got a record with a good throw in the discus.

PREMIER CECIL RHODES.

Cape Town, May 11.—The South African News today declares it has been decided to reconstruct the Ministry, with Cecil Rhodes as Premier, Dr. Jameson as colonial secretary and Sir John Gordon Sprigg as treasurer. The Premier (Sir John Gordon Sprigg) however, authorized a statement that there was no foundation for the reports of the reconstruction of the Cabinet.

SHAMROCK II, INJURED

Southampton, May 9.—The two Shamrocks started at midday today in a race from Hythe to Weymouth, a distance of sixty miles. Off the Needles the Shamrocks were caught in a fierce squall. The Shamrock II lost her gaff and gaff topsail yard. Sir Thomas Lipson had a narrow escape from being hurt by a falling block. The sails of the yacht were wrecked and she returned to Southampton for repairs.

All the members of the Kilohama Art League interested in the work of the Literary Circle of that organization are invited to attend a meeting to be held May 21, at 8 o'clock, at the home of Mrs. W. F. Frear Punahoa. Work for the circle will be discussed.

Successor to King Edward.

London, May 11.—At a general meeting of the Royal Yacht Squadron in London today the Marquis of Ormonde was elected Commodore, in succession to King Edward. The Duke of Leeds was elected Vice Commodore.

Marquis Ito Seriously Ill.

London, May 10.—Marquis Ito, according to a dispatch to the Daily Mail from Yokohama, is suffering from brain trouble and is not likely to resume office. The correspondent says the Ministerial deadlock continues.

ELOQUENCE AND ORATORY GALORE

House Talks Against
Time in Afternoon
Session.

MAKEKAU DENIES THAT HE IS NOT A HOME RULER

Makainai Would Cut Down All Salaries
Fifty Per Cent--Emmeluth Has
Not Resigned From Finance Com-
mittee--Plenty of Wind.

Putting it in Kaniho's own words, there are other windy districts besides Kohala. There seems to be a general agreement on this point. All the representatives at yesterday afternoon's session were determined to say something on every question. As a result the solons shot off their oratory and eloquence as freely as the fizz from a soda water bottle at a Sunday school picnic.

There was plenty of talk, but during the day only three unimportant votes were taken.

In the afternoon after the first bursts of eloquence had been exchanged, Makekau made a motion to bring the salary bill up for third reading. The motion was carried and the bill read.

Then began the noise. Aslett moved to raise the item for stenographers from \$4000 to \$5000 as the first figure was entirely inadequate.

Prendergast who has been absent for several days, started in to make up for lost time and gave quite a little lecture on stenographers and reporters in general. He stated that, besides drawing their salaries, they were accustomed to charge for transcribing the notes.

In view of this fact, Monsarrat moved to refer the item on stenographers to a special committee. The committee appointed consists of Prendergast, Mossman and Monsarrat.

Makainai moved that all the salaries be cut 53 per cent, in order to bring the appropriations down to correspondence with the receipts.

Makekau objected, stating that it was just another way of firing out the men the Home Rulers had just appointed.

Emmeluth stated that any one as lukewarm as the preceding speaker could not talk on such subjects with consistency. A little bit followed in regard to Makekau's political standing, but it all passed off in wind. An adjournment was taken until Monday before any further action could be taken on the bill.
